

PUNCHED THE DETECTIVE.

Reggie said he was Jess Willard's cousin, but Hoffman got him. Detective Hoffman was standing near the entrance of the subway station at Broadway and Fulton Street at 8 o'clock last night when a husky but unkempt man stepped and asked him for the price of a night's lodging. Hoffman refused him.

The cousin of Jess Willard, a boxer, and when the detective laughed at the man suddenly punched him in the jaw. He ran, but Hoffman caught him and held him up with a night's lodging in the Greenway Street Station. He said he was Frank Willard, a boxer from Cape Cod.

Believe Me I Eat Everything

For I Know a Stuart's Dyspepsia Tablet Will Digest Any Meal At Any Time.

SEND FOR A FREE TRIAL. How often do we see men who cannot eat and how often do we hear other men boasting of their abilities to eat?

"Dyspepsia? No, I haven't had a touch of it since I began using Stuart's Dyspepsia Tablets years ago." The secret of all health is digestion. The secret of digestion is the juices which are supplied by the body to emulsify the food.

A Stuart's Dyspepsia Tablet aids Nature in Nature's own way. They are filled with the very ingredients so needful to normal digestion.

Thousands would be glad to tell you what Stuart's Dyspepsia Tablets have done for them. Get a 50c box from any druggist, or send below coupon right away.

100 FORFEIT

Diet and Exercise Course For Women to Reduce In Weight and Figure

In Twenty-Five Daily Lessons Miss Furlong Presents to Her Readers the System of Diet and Exercise by Which She Recently Reduced the Weight of a 210-lb. Woman 23 lbs. in Four Weeks.

LESSON NO. 9—Leg Raising to Reduce Thighs.

Back numbers of these lessons may be obtained by sending a 2-cent stamp to Miss Furlong for each lesson desired. Readers are invited to correspond with Miss Furlong, who will reply through the columns of The Evening World. She does not print correspondents' full names.

LIE UPON YOUR BACK RAISE ONE LEG UNTIL IT IS AT RIGHT ANGLES WITH THE BODY—THE KNEE TO BE KEPT RIGID

THE LEG-RAISING EXERCISE, ILLUSTRATED.

By Pauline Furlong.

To-day's exercise is the most difficult of all those which have been illustrated for the reduction of the thighs, and should not be practised if it causes undue strain or is the least bit difficult to master. We shall proceed with several more mat exercises later on this week, for the large hips and high abdomen, and I feel confident that all of my readers who have worked on the easy mat exercises during the past ten days will be able to master the next series.

However, do not become discouraged if you find any of them too strenuous, and remember that persistence counts more in the end than a hasty mastering of the exercises, which brings about stiffness and soreness of the unused muscles for many days.

TO-DAY'S EXERCISE.

Lie flat on the floor or bed and place the clasped hands behind the neck. Raise the right leg slowly, as high as you possibly can, keeping the knee rigid and the toe pointed downward. Do not allow the left leg or knee to leave the floor. Repeat this exercise about five times with each leg and thoroughly relax after each movement. This is a strenuous exercise and some persons can never master it. The final test is to raise each leg perfectly straight and at right angle with the body, while the other one rests flat on the floor.

TO-DAY'S MENUS.

Luncheon—Stewed peaches, broiled fish, gluten bread and tea, sweetened with sweetener.

Dinner—Lean roast beef, gluten noodles with tomato sauce, lettuce with sliced onions, apple cake made from gluten flour.

Always use the boiled salad dressing. A receipt may be found in any cook book. It is thickened by the eggs and does not contain oil or flour for thickening.

HEALTH AND REDUCTION AIDS. It is well to remember that the mind exerts a powerful influence upon the tone and energy of the muscles, and those who give their entire attention and concentration to the attainment of the physique beautiful will derive the best and quickest results. No exercises performed in a half-hearted manner and accompanied by an indifferent daily menu will cause you to lose weight. Each and every movement must be executed with accuracy, determination and precision. Stand or lie before a mirror if possible and keep the head raised so that you may be able to watch and control the exercises as you take them.

You must study and know just why you are performing each exercise and keep your mind on them constantly, just as you would any other task you were trying to accomplish. Learn also to relax after each movement and consider it a part of the exercise. Holding the muscles tensed causes nervous strain and really spoils all of the otherwise good effects of exercising. Take the exercise slowly and with deliberation.

Letters From Readers Who Are Following the Course.

LOST EIGHTEEN POUNDS—MRS. E. H. A. (Conn.) writes: "I am five feet three inches tall, and when I started taking your exercises I weighed 195 pounds. In two months I have brought myself down to 173 pounds, and expect to keep right on until I am normal. Will you please tell me if green corn, buckwheat, apples and oranges make one fatter?"

Green corn and buckwheat are for the obese diet. Apples and oranges and all fruits, except bananas and grapes, may be eaten in abundance. They are very healthy and do not make fat.

DOUBLE CHIN—MRS. M. K. P. asks: "Do you think the rubber chin band aids in the reduction of the double chin, and should I use alum solution or camphor to harden the flesh on neck and chin?"

Yes, the chin band will help some; use the alum solution on the chin and the camphor spirits to reduce the breast.

CRAMPS IN LEGS—FRED W. R. asks: "What causes cramps in my legs and lower stomach for the past six weeks?"

This is probably a form of indigestion and you should see a physician. The leg cramps are caused by lowered vitality and only by building up the general health can you hope to overcome them.

THIN LEGS—Mrs. A. G. asks: "Is

there any way I could put some flesh on a thin leg? It has been thin for the past ten years. This was caused by running a sewing machine. I have practiced the double chin exercise and have completely rid myself of it and look ten years younger. I have all of your articles from the very first one and would not part with them for any amount of money."

TWO DEMOCRATS ACCUSED.

Political Foes in Jersey Demand Removal of Judge and Prosecutor.

TRENTON, N. J., Jan. 19.—A resolution has passed the Assembly commanding the impeachment of County Judge George C. Tennant of the Hudson County Circuit Court and Prosecutor Robert S. Hudspeth for their action in regard to the indictment of three Jersey City politicians charged with securing money through a conspiracy from Gertrude Wille, alleged keeper of a disorderly house.

The two officials are Democrats, while Assemblyman Johnson of Essex, who introduced the resolution, and William Verdon of Hudson, the moving spirit behind the charges, are Republicans. The House Committee on Judiciary will investigate, and if the charges are substantiated, press them for trial before the Senate.

SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of healthy hair, but what please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Advt.

SKIN BLEACH—Mrs. Edwin K. asks: "Will the hot lemon-water really bleach out the mallow complexion, and is the rubber face-mask good to remove blackheads?"

Yes, the lemon water stimulates the action of the liver and helps to clear the mucky complexion. The rubber mask causes profuse perspiration, opens the pores and cleanses them. It is also bleaching to the skin.

The May Manton Fashions

CHILDREN'S fashions always can be relied upon to follow the trend of their elders. The newest models are showing plain bodices with tucks laid in the bodices that somewhat relieve the severity, while at the same time the essential characteristic remains. The model is a very attractive and pretty one, simple in the extreme, and, therefore, especially well adapted to the washable fabrics. The skirt is straight.

It can be hemstitched or it can be hemmed and tucked; it can be embroidered or it can be cut from founcing or bordered material. On the figure there is a suggestion for using one of the new dotted cotton voiles. They are pretty and they make very childlike, attractive little frocks, yet durable at the same time. In the back view embroidered founcing makes the skirt, with plain lawn to match making the bodice, and in the third view there is still another suggestion, for there the short sleeves are left free, and when they are treated in that way they can be cut straight and used for embroidery. For the child of six years of age challis makes a pretty material. It is durable and it is to be found in very charming colors and designs. Some of the little frocked very little children the thinner and would make up attractively. For the very little children the thinner and lighter materials in white are the preferred ones.

For the 4-year size will be needed 24 yards of material 27 inches wide, 24 yards 36, or 2 yards 44, with 14 yards of banding and 24 yards of edging. The pattern, \$2.40, is cut in sizes for children of 1, 2, 4 and 6 years.

No. 8046—(With Basting Line and Added Seam Allowance)—Child's Dress, 1, 2, 4 and 6 years of age.
